West Virginia University, Plant and Soil Sciences division – August 2017 - Present

Clover Patch Dairy – Millersburg, OH

May 2013 - August 2015, May - July 2016, May - July 2017

Regularly my job required cleanliness, and careful attention to the equipment and to the animals, so that anything irregular or undesirable could be righted. Often, I was given special responsibilities of administering subcutaneous or intra-muscular injections, pulling blood, or requests that needed special procedures to be done without fault.
